

# VISITOR MANAGEMENT SYSTEM

BY AMAAN PARKING AND CONTROL SYSTEMS

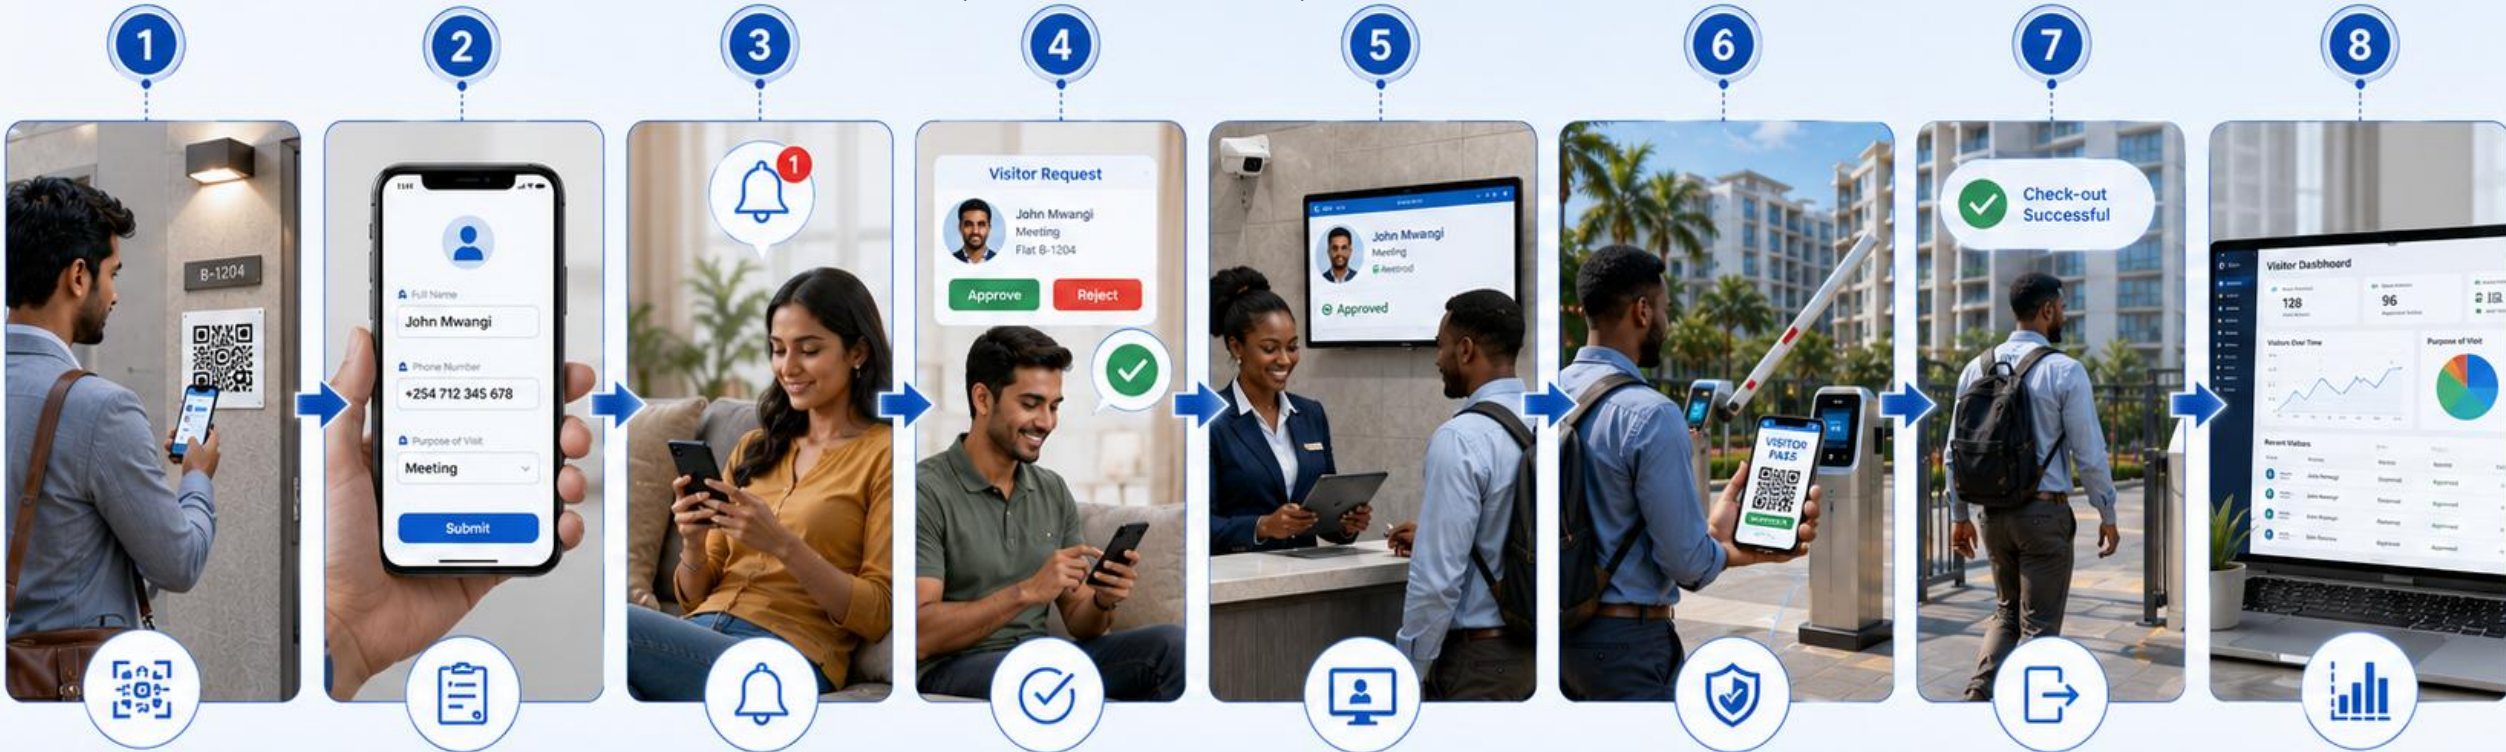

# One Platform Multiple User Roles

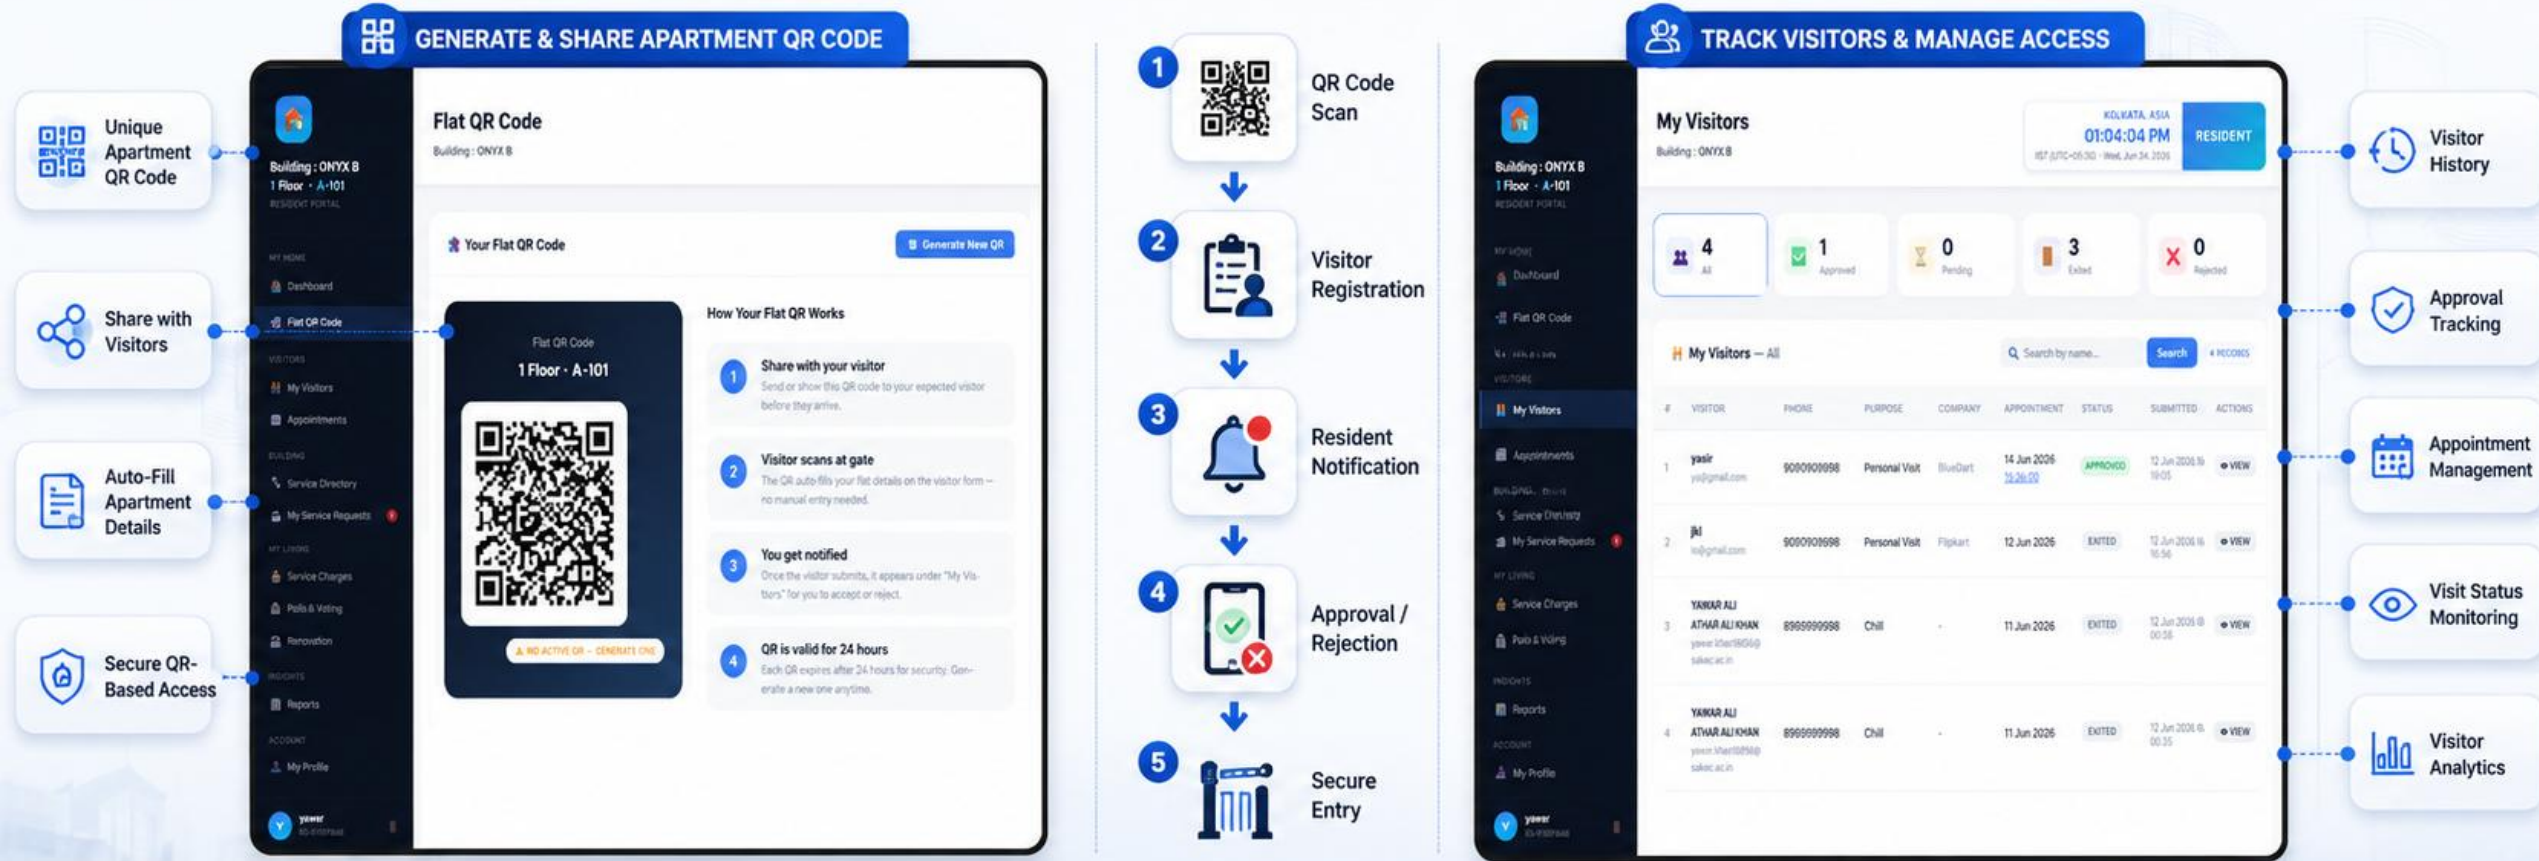

# How Amaan VMS Works

QR Scan → Fill Details → Notification (Approve/Reject) → Check-in Verification → Check-out while Exit

# Resident Experience & QR-Based Visitor Access

A seamless visitor journey from QR scan to resident approval and visit tracking.

Residents stay in control with **real-time approvals**, **visitor tracking**, and **secure QR-based access**.

# Gate Operations & Reception Management

Digitizing visitor verification, staff attendance, and secure entry control.

# Key Benefits & Business Value

Delivering safer communities, happier residents and smarter operations.

## 1 Enhanced Security

- Verified visitor access
- Controlled entry points
- Real-time monitoring
- Secure community environment

## 2 Faster Visitor Processing

- QR code based check-in
- Instant resident approvals
- Reduced waiting time
- Smooth gate operations

## 3 Better Resident Experience

- Residents stay in control
- Approve visitors on mobile
- Real-time notifications
- Convenience at fingertips

## 4 Digital Staff Management

- Digital attendance tracking
- Live photo capture
- Check-in / Check-out logs
- Workforce accountability

## 5 Complete Visibility & Reporting

- Real-time dashboards
- Visitor & attendance reports
- Audit trail & activity logs
- Data-driven insights

## 6 Web & Mobile Accessibility

- Access from anywhere
- Web & mobile platforms
- Cloud-based reliability
- Always connected

Transforming community management through  
automation, visibility and secure digital operations.
